A Slovene-English Contrastive Analysis of One

Abstract. The paper presents a contrastive analysis focusing on the differences in the use of two selected metatext categories, previews and reviews, in English and Slovene research articles. The analysis is based on the hypothesis that the use of the selected metatext categories is more restricted in Slovene academic writing than in English academic writing.

Za gesla, ki niso imela prevoda, smo predlagali slovenski prevod.The purpose of my MA thesis is to analyze and compare English, Italian and Slovenian specialized vocabulary in the field of winemaking and viticulture. The purpose of the analytical part is to collect and present the vocabulary that is most used in this field.

Contrastive analysis of English, Italian and Slovenian ...

Contrastive analysis included words in the final position or words where sounds of interest resided within the voiceless plosives to diminish the effect of co-articulation. We strived to meet this criterion by judicious selection of words for analysis out of all recorded material. The words selected are listed in tables 5-8.

A Contrastive Acoustic-Phonetic Analysis of Slovenian and ...

Using contrastive analysis on a sample of agency newsitems, it compares STA news items and news items of foreign agencies in English that were the source for news items in Slovene, and defines changes regarding the organization of text, translation on a word-, phrase- and sentence level, attribution of information to a source, and transfer of directquotes and rhetorical tropes.

Contrastive analysis of agency news in English and Slovene

For a Slovene translator who has to deal with culinary terms, especially those that are culture- bound or language-specific, contrastive orientation means the focus on two specific languages (in this case Slovene and English). #e translation process itself is extremely complex; the situation is intercultural and interlingual, the purpose of the translation has to be kept in mind at all times, as well as the function of both texts (the source language text and the target language text).
