In any case, the procedure would be same: to remove the panel with the help of a screwdriver and then to pull the EIS from its position. Last step is the easiest one: just unplug the EIS from its leads. Once you have the EIS unit in your hands you will notice that it is a small black box with some serial numbers written down in one of the sides; they are the Mercedes-Benz part numbers and differ depending on the vehicle's chassis number (W169, W203, W211, etc.).
