"Monster Goose" just takes delicious advantage of this fact. I often lament how every good twisted tale (like Carolyn Crimi's, "Boris and Bella", Tony DiTerlizzi's, "The Spider and the Fly" or Robert San Souci's, "Cinderella Skeleton") is co-opted by Halloween merely because it's a little dark.

Monster Goose A Magic Shop Book

So super cute! Since I was a kid, I always liked to see things from a bit more of a shadowy position. I love that this book turns the traditional Mother Goose on her ear. The perfect gift for the little monsters in your life!

Some people don't like the idea of magic in Monster Hunter. The thought of crafting a magic staff/spell book that gives the player access to spells/summons/etc to use on hunts seems "sacrilege" to some. I've read posts about people even saying that the Wyvern Ignition GS (and possible Punch Lance) shouldn't even be in the game because they don't belong in the world they've built.

Monster Goose is a book that includes many short stories about characters including werewolves, pirates, kings, and spiders. About every other page is a new poem. This was a fun book that I enjoyed because it includes poems about all different kinds of characteristics.

A collection of twenty-five nursery rhymes, rewritten to feature vampires, ghouls, mummies, the Loch Ness monster, and other fearsome creatures.

"Tatulli's entry into the comics/fiction--hybrid market is one of the best... The target audience will snap this up and beg for more." ---Kirkus Reviews (starred review) "This is full of ghoulish fun, and fans of Diary of a Wimpy Kid probably won't want to miss it." ---School Library Journal "Desmond Pucket neatly fills a gap for our readers---it's a step more sophisticated than Diary of a Wimpy Kid but appeals to that reader. It's also so great to have a Halloween/monster/scary stuff series to offer boys that is not Goosebumps." ---Rebecca Waesch, Children's Product Manager, Joseph-Beth Booksellers Meet Desmond Pucket---professor of frightology and master of monsters. Someday Desmond will be famous for his special effects wizardry, but for now he's just trying to make it through sixth grade at Cloverfield Memorial Junior High, which means he needs to stay one step ahead of the school's disciplinary officer, Mr. Needles. The only problem is Desmond just can't stop pulling pranks---like the time he attached a shrieking rubber goblin to the toilet seat in the teachers' bathroom. Mrs. Rubin screamed so loudly her wig flew off! Or the time he put giant motorized worms into the mashed potatoes in the cafeteria. Or the time Desmond and his best friend, Ricky, arranged for a three-headed ghost to crash his sister's slumber party. Rachel still hasn't forgiven him. And now Desmond has to stay prank-free for the rest of the year, or he won't be able to go on the class trip to Crab Shell Pier, home of the Mountain Full of Monsters ride! It's going to be tough, but Desmond has to try. This book includes a section of "Desmond's Notes": instructions for making monster magic (think scary noises, or fake blood) at home!

“ For all of us who grew up loving Dungeons & Dragons and Tolkien, Monster Goose is an excellent way to introduce our little ones to the world of fantasy! ” —Drew Daywalt, bestselling author of The Day the Crayons Quit “ Monstrously clever—I ’ d rather Mary had a hippogriff than a ‘ little lamb ’ any day! ” —Molly Idle, award-winning illustrator of Flora and the Flamingo “ The charm and wit of the poems in this book is matched only by Abigail ’ s beautiful and timeless illustrations. ” —Brian Kessinger, story artist for Walt Disney animation studios “ Young readers will ‘ goblin up ’ these wickedly humorous re-told favorites. ” —Edith Hope Fine, author of Sleepytime Me
